

**A team from the University of Michigan is seeking to understand your thoughts and opinions of dementia care.**

**We are conducting phone interviews with individuals with mild cognitive impairment or early dementia\* to discuss potential future treatment decisions and goals at end of life.**

*\*to be eligible, must have diagnosis of mild cognitive impairment or were diagnosed with dementia by a doctor in the past 2 years*

*Our hope is to create guidelines for quality hospice care and best practices for end of life treatment*

**Interview participants will receive \$50 in thanks for their time**
