ARE YOU AGE 65 OR OLDER?

The Michigan Neural Distinctiveness (MiND) study (HUM00199054) invites you to participate in a paid research study about brain aging!

Purpose of the Study
• To understand how brain changes explain age-related cognitive changes over time. Participants will be paid $150 for completing the study.

Who can participate?
• Age 65 or older
• In good health
• Native English speaker
• Right-handed
• Normal or corrected-to-normal vision, hearing, and motor control

What will it involve?
3 sessions on separate days at University of Michigan’s Ann Arbor campus
• Session 1 lasts approximately 2 hours 15 minutes and consists of cognitive tasks
• Session 2 is 2 hours and includes cognitive tasks and a 50-minute MRI scan
• Session 3 is only a 1.5 hour MRI scan

For more information or to sign up, please call (734) 763-0343, fill out the response card and mail it back to us in the provided envelope, OR visit our website: https://polklab.psych.lsa.umich.edu/participate/
